

899641 - FireGrate28v1b, 899642 - FireGrate30v1b, 899643 - FireGrate36v1b

Heavy Duty Fire Pit Grate

Product Info

DIAMETER

28", 30", 36"

THICKNESS

0.5"

MATERIAL

Cast Iron

WEIGHT

27.5 lb., 29 lb., 46 lb.

Additional Info

The circle fire pit grate allows the wood to burn 4" from the ground. This grate can improve the airflow, resulting in a better, longer-lasting flame.

We recommend choosing a grate that measures at least 1" diameter smaller than the interior lining of your fire pit.
